

SDI Review Form 1.6

Journal Name:	Asian Journal of Research in Surgery
Manuscript Number:	Ms_AJRS_67321
Title of the Manuscript:	Difference of Propolis Administration as an Antioxidant against Oxidative Stress (Malondialdehyde Level (MDA)) and Apoptosis (Caspase-3 Expression) in Skin Graft Model White Rats (Rattus Norvegicus)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Abstract: It seems that information not related to this experiment is included.</p> <p>No information is provided about the origin of the propolis used and any chemical analysis (components, residues, etc.).</p> <p>Information about tissue preparation for immunohistochemical examination of Caspase-3 expression is missing.</p>	
Minor REVISION comments		
Optional/General comments	The whole text needs a careful revision to guarantee a proper presentation of the study and an easy understanding by the reader. English language needs complete revision.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
