

SDI Review Form 1.6

Journal Name:	Asian Journal of Research in Surgery
Manuscript Number:	Ms_AJRS_67321
Title of the Manuscript:	Difference of Propolis Administration as an Antioxidant against Oxidative Stress (Malondialdehyde Level (MDA)) and Apoptosis (Caspase-3 Expression) in Skin Graft Model White Rats (Rattus Norvegicus)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Page 1: - Mention the way occurs for granulation skin make in rats?</p> <p>Page 3: - 98th line, 2. Material and methods / experimental details, 2.4.Immunohistochemical examination of Caspase-3 expression, where the immunohistochemica figures which shows this paragraph this expression? - 119th line, 3. Results and discussion; Table 1. Results of the analysis of MDA levels; edit the data with the paragraph at 122th line.</p>	
Minor REVISION comments	<p>Page1: In ABSTRACT:- Background, 1st line, Write the Reactive Oxygen Species abbreviation is ROS. Methodology, Aims, - Edit the word from "varices" to "varies" - Write the small letters of words.</p> <p>Page 2: - 19th line, in the keywords; edit the word from "Mouse" to "rats". - 39th line, choose one sentence "chronic wound" or "non-healing wound". - 49th&50th lines, delete the sentence "in methodology (Arial, Bold, 11 font, left aligned, caps)".</p> <p>Page 3: - Mention the way for granulation skin make in rats occurs? - 55th line, add (K) symbol beside the (Control group). - 69th line, replace "45OC" with "45°C". - 73th line, replace "a round" with "oral stomach gavage" or what? - 95th line, replace "retroorbital" with "retro-orbital". - 117th line, delete one dot in the end of this paragraph. - 121th line, write lapels for the abbreviations in table1. - 123th line, edit the meaning of MDA levels treated with skin graft treatment was 8.050 nmol / ml. (this following sentence is true). - What is the P-value for MDA at table 1? - 127th line, replace "." dot with ","comma. - 127th line, replace "From" with "from". - 128th line, Shows this sentence.</p> <p>Page 4: - 145th line, Edit the mean of P1 in the table 3 and following paragraph, in other hand, 145th&151th lines, the mean caspase-3 histoscore treated with skin graft and 200 mg / kgbw of propolis extract had a mean of 9.83 or 9.84. - 161th line, replace "was" with "were". - 174th line, Table 3 and 151 line for revision; delete the dot.</p> <p>Page 5:</p>	

SDI Review Form 1.6

	<ul style="list-style-type: none"> - 174th line, Delete dot. - 203th line, replace "lower" with "lowers". - 227th line, mouse or rat. - 228th line, Write the small letters of words. <p>Page 6:</p> <ul style="list-style-type: none"> - 263th line, I need the ethical committee approval sheet for expertise. - 246th line, in references; shows the name of paper, number of issue or related site for no. 1. 	
Optional/General comments	Good idea paper, I'm having five papers that confirm the Propolis extract as antioxidant agent and it plays role in recovery actions on different several organs.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
