

SDI Review Form 1.6

Journal Name:	Current Journal of Applied Science and Technology
Manuscript Number:	Ms_CJAST_52529
Title of the Manuscript:	Analytical solution of transport equation for exponentially decreasing initial concentration in shallow water table condition in irrigated field
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper is well researched. The order is good from background, problem,theory,method,result,discussion and conclusion.However,English seems to be a big problem. Revision on grammar and sentence syntax of English flow required	
Minor REVISION comments	Abstract grammar require urgent correction	
Optional/General comments	It would be better to add some figures of soil structure and how water particles contribute to cohesiveness. This will explain the problem with simplicity as compared to use of many words	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
