

SDI Review Form 1.6

Journal Name:	Chemical Science International Journal
Manuscript Number:	Ms_CSIJ_57626
Title of the Manuscript:	CLASSICAL NUCLEATION AND LATTICE MODEL UNITE
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Please modify the abstract with respect to the insights on the statement of the problem, your initiatives towards the solution along with the technical background.	
Minor REVISION comments	Please extend the introduction by referring relevant articles and taking sufficient points from those articles.	
Optional/General comments	Is Nomenclature necessary? In general abstract will be followed by a maximum of 8 keywords.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> <p>Please tell me the nature of this manuscript because a mere derivation without discussing the current application does not make sense. So create a scientific meaning for the equations and give its real time application.</p>
