**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>The reviewer recognizes and values the research conducted by the authors. The innovation of the research is really very high. Authors presented results with deep analysis. However, the author(s) should effect minor corrections pointed out in the article in addition to the following:</p> <ul style="list-style-type: none"> <li>• The order of the paragraph, and their internal order itself, should be revised to improve a more linear argument in the Research Article.</li> <li>• Conclusions are too wide. I suggest that the author(s) should summarize the findings to come up with better conclusion. The conclusion should also include the most important idea of the experiment and the author's own findings.</li> </ul>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
