

SDI Review Form 1.6

Journal Name:	International Journal of Pathogen Research
Manuscript Number:	Ms_IJPR_66084
Title of the Manuscript:	UPDATE ON COVID-19 INFECTION AND IVERMECTIN TREATMENT
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The subject of the article is very interesting and topical. The bibliography is reference and current. Interpretation and discussion are relevant. The conclusions are consistent with the practical part of the article.	
Minor REVISION comments	Since the topic of the article is about ivermectin treatment, discussions should have been more about this treatment: what medical consequences it could have on the individual (composition of the drug causes, effects and other aspects)	
Optional/General comments	Not applicable!	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
