

SDI Review Form 1.6

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	Ms_IRJPAC_55112
Title of the Manuscript:	Effect of Singeing Materials on Distribution of Toxic Metals on Liver and Kidney of Capra aegagrus hircus Slaughtered in Uyo Village Road Abattoir in Nigeria and Health Risk Assessment
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	How does a dead goat still perform excretory functions via its organs? Check Section 3.2.1 <i>"The variation observed between reported concentrations of Cd and that obtained in this work may be due to differences in the excretory ability of goat used in this study."</i>	
Minor REVISION comments	Sentence correction in the first paragraph of section 3.2.1 – <i>"were analyzed in different the liver and kidney of goat"</i> You use toxic and trace metal interchangeably. They do not mean the same thing. Kindly correct. Some of your study metals are heavy, toxic and trace, differentiate them or stick to just metals Section 4.0 – The first sentence in the second paragraph belongs to Section 1 -Introduction not conclusion Reference – Correct No. 15 to be uniform with date placement of other references	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
