

SDI Review Form 1.6

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	Ms_IRJPAC_65586
Title of the Manuscript:	Influence of soybean (<i>Glycine max. L</i>) sowing methods and seed rate on nitrogen accumulation in soil
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> -Soil samples used only give rise to chemical characteristics, have not included the physical and biological properties of the soil - it is necessary to give rise to vegetative growth before discussing the results, since vegetative growth is related to production or yield - reference writing should use medelay or zatero 	
Minor REVISION comments	<ul style="list-style-type: none"> - every result obtained is well strengthened by literature and compared to other research results 	
Optional/General comments	<p>in general, this research is interesting and contributes to efforts to increase production. academically it is necessary to strengthen opinions and theories adequately</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
