

SDI Review Form 1.6

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_59787
Title of the Manuscript:	PHYTOREMEDIATION OF HEAVY METALS USING SOME SELECTED LEGUMINOUS CROPS.
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This article cannot be accepted in the present form due to the noted shortcomings: 1. The data needs to be validated with proper statistical analysis which is lacking in the present form	
Minor REVISION comments	1. Typological errors are detected at several places which has been indicated in the comments sections of the main manuscript 2. Introduction needs improvement with the inclusion of research gap that the authors aims to address 3. Discussion also needs to be strengthened correlating the findings with the plausible mechanism for which the authors may have to refer to some good journals and research works carried out on similar aspects	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?
