

SDI Review Form 1.6

Journal Name:	Journal of Advances in Mathematics and Computer Science
Manuscript Number:	Ms_JAMCS_66718
Title of the Manuscript:	Epidemic Model and Mathematical Study of Impact of Vaccination for the Control of Malware in Computer Network
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> Most of the equations aren't numbered & cited. Well explained with mathematical theorems & experiments, but the proposed model isn't discussed with design and not found sample inputs, ranges. 	
Minor REVISION comments	<ol style="list-style-type: none"> Few equations are not readable. Figure 1 is not given clearly. Little more clarity is needed over infected, suspected and recovered rate with existing model. 	
Optional/General comments	Suitable study is given related to mathematical foundation based on title. But need clarity on proposed model.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

Reviewer Details:

Name:	A Vanitha
Department, University & Country	Sona College Of Technology, India
