### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	The manuscript is well presented and deals with a relevant topic, especially when we consider the field of esthetic dentistry and the impact of materials on the longevity of the developed techniques. The analysis is appropriate and the manuscript well-written. It is only suggested to present the clinical applicability of this study, and its potential when discussing this topic for dental practice.	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
