General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Reconsider the recommended mitigation instrument of pollution taxes on fossil fuels consumption on grounds it also slows economic growth at the expense of the overall wellbeing (especially among the majority poorest population of the world) and/or undermines the Earth's capacity of harvesting CO2 from its atmosphere (especially in the poorest countries of the world) for the rewarding of generations and applications of scientific and technological breakthroughs which enhance economic growths for less CO2 build-ups in the atmosphere.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
