

**SDI Review Form 1.6**

Journal Name:	<a href="#">Journal of Engineering Research and Reports</a>
Manuscript Number:	Ms_JERR_44043
Title of the Manuscript:	Hybrid Pattern Recognition and Multi-Resolution Analysis (MRA) Based Fault Location in Power Transmission Lines
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link: (<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>How is measured fault location obtained as given in table. Please add some arguments regarding this.</p> <p>Explanation of the figures 9, 10 and 12 are required in a better way. If possible add flow chart of training algorithm or mathematical function of training algorithm.</p> <p>What does structure of Neural network given in figure 14 represent? Please add comments.</p> <p>Conclusion is not well written. It must be revised and it should cover the basic theme achieved in this work in a better way.</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

**Reviewer Details:**

Name:	<b>Raheel Muzzammel</b>
Department, University & Country	<b>University of Lahore, Pakistan</b>
