PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The study is part of a larger work of doctoral dissertation and has as main objective to investigate the attitudes and perceptions of parents and guardians about the teaching of religious education of their children.</p> <p>The methodological research is broad, since parents of students from various regions of Greece were researched.</p> <p>It remains to be determined in the article who the parents/guardians are. Whose parents/guardians? From students of what ages and schools? How was the participants selected? I know you were chosen at random, but from where?</p> <p>The statistical treatment and analyses are clear and the results are also very well analyzed. The conclusion points to a very relevant work from the scientific, educational, social and study point of view of religion.</p> <p>The manuscript can be published.</p>
