PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper has great potentials. However, the structure of the paper in its current form cannot be easily comprehended. There is abstract, no introduction, methodology, and other necessary heading. I suggest that these areas be first addressed for even reviewers to be able to comprehend when they read through and duly review the document. In its current form, I find it difficult to review the document.
