

**SDI Review Form 1.6**

Journal Name:	<a href="#">Journal of Materials Science Research and Reviews</a>
Manuscript Number:	Ms_JMSRR_53665
Title of the Manuscript:	Kinetic Study of Dilute Acid Hydrolysis of Cowpea Seed Husk
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Overall, the manuscript entitled "Kinetic Study of Dilute Acid Hydrolysis of Cowpea Seed Husk" could be published in your journal after major corrections. 1- The title should be modified to reflect the main purpose of the article (Production of glucose). 2- Please mention the novelty of the manuscript. 3- The way authors presented the "Results and Discussion" part is very poor. 4- The conclusion needs to be constructed a little better. 5- References should be updated.	
<b>Minor</b> REVISION comments	1- References should be corrected in text (such as according to method of Onyelucheya et al. [7] instead of according to method of [7], etc.). 2- A blank should be added between number and unit.	
<b>Optional/General</b> comments		

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
