

SDI Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_53959
Title of the Manuscript:	Evaluating the synergistic activity of Metformin and Apple Cider Vinegar in Type 2 diabetics
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	There is no discussion of the limitations of the methods used for this research. The authors must state clearly in the discussion section that "This single arm pre post quasi experimental clinical trial is prone to some bias due to the lack of control groups (e.g. a group without metformin and/or group with metformin but without ACV) for comparison. Further studies should be conducted with control groups as well as a larger sample size."	
Minor REVISION comments	The manuscript requires some proofreading as there are minor text errors.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
