PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p>	<p>MANUSCRIPT PERFORM A REVIEW OF ENGLISH IN THE FULL ARTICLE. PRESENT THE LANGUAGE REVIEW CERTIFICATE.</p> <p>ABSTRACT:</p> <ul style="list-style-type: none"> - periodontics- specialty name starts with a capital letter. - KEY-WORDS: Do not abbreviate keyword. In the keyword descriptors there is "Minimally Invasive Surgical Procedures". I suggest switching to this one. In addition, whenever using a keyword, consult the descriptors beforehand. Change keywords: In Mesh, there are surgical flaps. Does not exist flap surgery. <p>INTRODUCTION The introduction needs to be improved, to be rewritten. It should follow the same idea as the introduction and objective of the summary, which are very clear and cohesive. Here, you did not continue with the idea that "Minimally invasive surgical techniques (MIST) are performed using magnification from surgical microscopes, surgical telescopes, or endoscopic visualization".</p> <p>I- N THE SENTENCE: [2]. MIST helps In handling hard and soft tissues gently during all dental surgeries. - Improve the sentence. MIST results in, it would be better.</p> <ul style="list-style-type: none"> - The use of minimally invasive surgical technique in combination with bone grafting material..... <p>I suggest explaining the MIST concept and what MIST consists of at this point! Explain that MIST are surgical procedures with magnification. It is not necessary to detail and describe surgical technique here ...</p> <p>MATERIALS AND METHODS</p> <ul style="list-style-type: none"> - was formulated and circulated among 100 undergraduate dental students of a private dental college. Why 100? Did you perform a sample calculation? It is necessary to do the calculation. - IMPROVE! Cite the statistical tests used. Describe the statistical analysis. <p>RESULTS AND DISCUSSION</p> <ul style="list-style-type: none"> - Improve the discussion. The aim of the study is to know the knowledge and awareness of students about MIST. Explore whether they have this knowledge from disciplines taught at undergraduate level or through knowledge acquired in an extra-curricular way. 	

SDI Review Form 1.6

	- Also explore why not to put knowledge into practice. -	
Minor REVISION comments	THERE ARE MINOR REVIEWS TO BE MADE OVER THE ARTICLE, WHICH ARE DESCRIBED IN THE COMMENTS, AS FOR EXAMPLE: ADD SPACE, REMOVE SPACE, ADD YEAR OF REFERENCE, END POINT AFTER THE REFERENCE.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
