PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1. Please pay attention to the abstract writing procedure, 1) aim, methodology, Results, conclusion. 2. Restate the reference you cite. Please, don't just show the research results of A, B, C. The reference also needs more elaboration. So the reader can read the research gap easily and find the author's research position. 3. the theoretical framework must be strengthened and explained better 4. The research gap is not clearly conveyed so that the position of this research with other studies is not easy to map. The claim or idea proposed is not a new idea. 	
Minor REVISION comments	<ol style="list-style-type: none"> 1. The research gap is not clearly conveyed so that the position of this research with other studies is not easy to map. The claim or idea proposed is not a new idea. 2. Clarify more study limitations and suggestions for future research 	
Optional/General comments	<ol style="list-style-type: none"> 1. This article has fulfilled the elements of scientific writing. 2. There are only a few notes. 3. Please correct it, according to the reviewer 's note
