Compulsory REVISION comments	<p>The authors provide us with a manuscript examining the effects of various super disintegrants on the formulation for disintegration times of favipiravir. The experiments are general well preformed and that data appears to be reliable. I have the following suggestions for revision.</p> <p>Figures 1-5 need appropriate description or legends in the results section.</p> <p>Graphs 1-4 need appropriate description or legends in the results section.</p> <p>Minor</p> <p>Page 2 "the medicament should readily dissolve" should read "The .."</p> <p>"the fast-dissolving formulation" should read "The .."</p> <p>Please check for capitalization throughout the manuscript. As well the manuscript should be carefully read for grammar and sentence structure.</p>
