Manuscript Number:	Ms_JPRI_68150
Title of the Manuscript:	HEPATITIS C TREATMENT BY DIRECTLY ACTING ANTIVIRAL AGENTS AND ITS IMPACT ON GLYCEMIC CONTROL
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1. The author states that antiviral therapy leads to decreasing amount of insulin required for diabetic control. Were all patients treated with Insulin? 2. Pre- treatment and post- treatment glucose levels and HbA1 levels were mentioned, but in table 1 only post-treatment levels were checked.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
