

SDI Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_68150
Title of the Manuscript:	HEPATITIS C TREATMENT BY DIRECTLY ACTING ANTIVIRAL AGENTS AND ITS IMPACT ON GLYCEMIC CONTROL
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/journal/10/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The manuscript is interesting because of the low end of treatment viral elimination numbers. This should be discussed at the beginning of the discussion section. It is not clear why the responder had lower BMI. The BMI at the begin of therapy should be given. How was the HCV-infection acquired? What was the cause of cirrhosis? Laboratory values at time before and after therapy should be given. The definition of SVR is not correct. Authors present only end of treatment data. Control data 6 months after end of therapy should be given	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
