PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is an interesting review of history of surgery of congenital heart diseases, and also showing some new points About stem cell therapy. There is no mention at all of the advances in transcatheter management of many congenital disease. Six pages review should have listed all advances in non-invasive therapies and also list in table or so of all surgical procedures ;each disease and the current up-to-date procedure. This paper need to be re-written with the above subjects, even in just two tables.	
Minor REVISION comments	Copy of the paper is returned with yellow mark on two words for correction	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
