Sometimes the phrases are not clear.</p> <p>However:</p> <ul style="list-style-type: none">- COVID-19 doesn't mutate because is the virus mutating.- Coronaviridae has to be written in italic and with the first letter in capital- Coronavirus are able to infect animals too- World Health organization has to be written with the first letter in capital- The Author reports that SARS-CoV-2 enters via bodily openings like nose, eyes, mouth, etc. Why etc?
