PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | The protocol is good and needs minor changes 1- The origin and insertion of hamstring muscles have to be changed. I highlighted them in green after modification 2- The references have not a uniform style. Each reference has its own style. They have to be unified in one style 3- Many merged words or spelling mistakes has to be corrected. I highlighted them with yellow colour | |
