General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The abstract should be divided into parts like introduction, body and conclusion. The conclusion should also include any future suggestions regarding the problem. The number of words in the literature review should be brought down to approximate 3000. Few more keywords should be added. The conclusion must be a separate part. The existing gaps and the future suggestions should be mentioned here precisely.	
Minor REVISION comments	The grammatical and typing errors need to be corrected.	
Optional/General comments	Overall a good review with good suggestion to include the suggestions from Ayurveda in the treatment of Parkinsonism; it may be a good holistic approach to reach the therapeutic goal.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
