### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The article describes the hair transplant method for beginners. The authors describe the procedure step by step. The included photos are very helpful. My only remark concerns the form of phrases which are unofficial in some parts of the manuscript. The last part takes the form of a direct address to patients. I believe that it would be better to use the impersonal form.	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments
