

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_76504
Title of the Manuscript:	Methylene Blue Dye Degradation Using Silver Nanoparticles Synthesized From Andographis Paniculata Leaves Extract
Type of the Article	Review Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ul style="list-style-type: none"> - - Many grammatical and spelling mistakes. - Whether Leaves are authenticated? - Synthesis procedures of Silver nanoparticles are not clear? - Characterisation of nanoparticles – Only colour change cannot reveal the formation of nanoparticles. FTIR, UV data not sufficient. DSC, TGA can be performed. Determination of the particle size of nanoparticles not reported as author prepared nanoparticles. - Mention the complete UV- visible spectrophotometric method (sample preparation) in procedure. Give data for calibration curve of dye. 	
Minor REVISION comments	<ul style="list-style-type: none"> - Also you can add practical experiment on purification of water samples collected from industrial area. - Accordingly try to change title and rewrite again. 	
Optional/General comments	Serious issues in English writing and spellings. Rewrite the manuscript again with relevant scientific data.	

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
