General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://peerreviewcentral.com/page/manuscript-withdrawal-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Review comments are stated in review column on the original paper itself. Some of the comments such as, Absence of Table 1, Addition of Index Map of the study area, presenting specific recommendation in the conclusion out of the analysed results etc. are mandatory.	
Minor REVISION comments	Some of the issues such as: restructuring of some sentences and correction of spelling, Rearrangement of references etc are to be attended. However, all these are very minor in nature.	
Optional/General comments	Change of the title of the paper is suggested. Reduction of words in abstract limiting to about 250 words by deleting the few general description is also suggested.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
